# NEWS OF OREGON AND THE NORTHWEST.

## THREE MEN FACING CHARGE OF MURDER

Accused of Injecting Morphine Into Man For Robbery and Victim Dies.

LEWISTON, Idaho, July 6.—Lee Phinney, Charles Vickers and G. Brockway, all of Cul de Sac, are lying in the County Jail here with a charge of murder staring them in the face. Jeff Letton, a carpenter of Cul de Sac, died this morning from several hypodermic injections of morphine administered. It is alleged, by them to him while he was intoxicated, with a view of robbery.

Phinney it is alleged, was seen shooting morphine into Letton's arm, and when Letton was discovered in a precarious condition later, every effort was made to save him, but without avail.

Letton was 45 years old and apparently a man of good habits, coming to Cul de Sac from Coeur D'Alene several months ago, where it is understood he has a family. The prisoners will have a preliminary hearing this afternoon.

## GUILTY OF LARCENY.

THE DALLES, July 6.—Nellie Van Pelt, an Indian woman, was yesterday convicted in the justice court of simple larceny and fined \$25. Being unable to pay the fine she was sent to jail. Last Monday evening the woman went to the camp of some other Indians on Three-Mile Creek, and put up for the night. While her hosts were asleep Nellie extracted a bag from beneath their pillows and stole a purse containing \$17. Coming to town she invested a good portion of the money in whisky, and was having a "swell time" when arrested, on Tuesday. The woman and her husband, William Van Pelt, work about Seufert Bros' cannery, and are very good Indians, except when they can get whisky.

## KLAMATH EXCITED.

KLAMATH FALLS, Ore., July 6.—A small mining excitement has been stirred up here over the discovery of a ledge of ore about three-fourths of a mile north of this city, and several parties contemplate taking up mining claims.

A peculiar formation has been discovered in digging a well on the Mitchell place, driftwood, embedded in gravel, being taken out at a depth of 40 feet, indicating that this locality had been a like on river bed before volcanic eruptions had buried this country under a flow of lava.

Upon panning the gravel a few colors were discovered, demonstrating that mining exists in this section, and only awaits discovery to make Klamath famous for gold as well as for irrigation.

## PLANS FOR NEW BRIDGE.

SALEM, July 6.—Specifications for a new reinforced concrete bridge, the estimated cost of which will reach about \$6000, were adopted by the city council last evening and the accompanying plans for the structure were also approved. Bids will be advertised for in a few days. This will be the first concrete bridge to have been erected in this country, but if it is found a success, others are in contemplation. The new bridge will span what is known as North Mill Creek, and will have a floor space of 24 feet in the clear.

## MASONS ASSEMBLE.

CHICAGO, July 6.—About 600 Masons of Illinois, Ohio and Wisconsin assembled at the Englewood Masonic temple last night to witness the presentation of a Masonic silver trowel to the mystic Star Lodge of Englewood. The trowel, which is to travel around the Globe as a symbol of brotherly love and affection in the order, is to remain in the possession of the local lodge for 30 days and then continue on its long journey.

The trowel was started on its trip by the Justice Lodge of New York City last October and already has passed to seven different grand jurisdictions, and states in the United States and Canada. Twelve years will be required to go the entire journey. The emblem came to Chicago from Elkhart, Ind.

## GETS FIVE YEARS.

OMAHA, July 6.—Mrs. May Hayes, convicted of the theft of a \$300 diamond which she was alleged to have swallowed, was today sentenced to five years in the penitentiary. She offered to submit to an operation for the recovery of the gem, if the prosecution was dropped,

## HEAT MAY INJURE GRAINS.

COLFAX, Wash., July 6.—The extreme heat of the past few days is beginning to affect the growing grain to some extent, and fears are already becoming rather grave as to the serious injury which a few days more of this weather will cause. The crops are in the very best condition to date, with the slight exception before stated, and under normal conditions would make the record crop for Whitman County, which conservative men assert would pass the 12,000,000 bushel mark for the county. The wheat is just in bloom in most of the eastern part of the county and is in the stage when it can be the easiest damaged by hot weather.

## SIMPLY AN INVESTIGATOR.

SEATTLE, July 6.—The central committee of the United German Societies of Seattle tonight declared that August Rosenberg, a former resident of this city arrested in Germany on suspicion of being an anarchist with designs on the life of the Emperor was nothing more than a student of chemistry interested in the investigation of paint compounds. He had amassed six thousand dollars and had gone to Germany with his wife to spend his declining years.

## MAN HAS LEG BROKEN.

WALLOWA, Ore., July 6.—While riding on a lumber wagon en route to his farm south of town, Martin J. Coleman had his right leg broken below the knee and was taken to the Hotel McCrae, while medical assistance was secured. Coleman recently came from Idaho and bought the John Blow property, near town. He also is a partner in the Wilson Basin Copper Company.

## ESCAPED PRISONERS CAPTURED.

SPOKANE, July 6.—Frank Brown and Michael Burns, the prisoners who with Fred Stang, another prisoner escaped from jail at Astoria are again in custody and Stang is dead as the result of a bullet wound inflicted by one of the posse. The fight took place on Goose Island, where Harry Draper of Spokane and his bloodhounds surrounded the escapes yesterday afternoon. Brown and Burns were taken back to Astoria.

## KILLED BY AUTOMOBILE.

PORTLAND, July 6.—Ellis Korklin, aged 12 years, was killed by being struck by an automobile while playing "tag" tonight. The driver of the machine was arrested. A few minutes before the accident he had been warned by a police officer to light his lamps and failed to obey the command.

## DEFENSE GAINS POINTS.

SEATTLE, July 6.—The chief points of the defense in the trial of Mitchell desired to get into evidence, were allowed today. One was expert testimony as to Mitchell's sanity about the time of the murder, and the other was that there was a hereditary tendency to insanity in the family. Several witnesses were introduced, who testified to the apparent insanity of Mitchell.

## ITALIANS TRY TO KILL DRIVER

HE RUNS OVER LITTLE BOY WITH HIS TEAM, KILLING HIM—MOB ATTEMPTS TO TAKE SUMMARY VENGEANCE ON THE DRIVER.

NEW YORK, July 6.—A mob of frenzied Italians stormed a drugstore at First Avenue and Fourteenth street yesterday to get at William Dustie a driver, whose cart ran over and fatally injured a little boy. A policeman had carried the child into the store and arrested the driver.

While the policeman was waiting for an ambulance about 200 men made a rush on the store, breaking in the door.

The policeman hid his prisoner and blew his whistle for help. A plain clothes man off duty, hurried in and with a revolver held the crowd at bay until a third officer arrived. As the dying child was taken away in an ambulance one of the policemen got the prisoner away safely by a back door.

When the crowd learned this, another rush was made upon the store. Show cases and glass receptacles were smashed and other damage was done but the remaining two policemen drove the Italians back and restored order.

Passed Stone and Gravel With Excruciating Pains  
 A. H. Thurnes, Mgr. Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pains. Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good."

No Other Remedy Can Compare With It  
 Thos. W. Carter, of Ashboro, N. C., had Kidney Trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure, and he says there is no remedy that will compare with it.
